

STUDENT ART CONTEST KIT

Run the contest that fills your school calendar with 12 winning artworks.

55printing.com free worksheet

Twelve winners fill twelve months. Announce the contest, collect the art, let the school vote, then assign each winner a month. Use this sheet to run it and log every submission.

THE 4-STEP CONTEST

- 1 Announce**
Post the rules: one entry per student, landscape art, any medium. Give a deadline about three weeks out.
- 2 Collect**
Log every entry below. Photograph or scan 3-D and oversized art; keep originals flat and uncreased.
- 3 Vote**
Display entries numbered, not named. Teachers, students, or a small panel pick the top 12. Announce winners together.
- 4 Assign months**
Match art to months. Winter scenes fit December to February, school events fit their real month.

TELL STUDENTS

Art must be landscape (wider than tall) to fit a calendar page.
Biggest dimension about 8 inches wide; leave 0.5 in clear at the top edge.
Bright bold colors scan and print better than pale pencil work.
Name and grade on the BACK only, so voting stays anonymous.
